

K DTX369

DAILY TRANSFORMATION

Program Guide

K-DTX369 is a daily transformation wellness program, structured over 30, 60 and 90 days, designed to help **reset** the body, **restore** the balance, **and revitalize** your life.

Unlike standard, one-size-fits-all cleanses, K-DTX369 is a **comprehensive system** that bridges the gap between targeted detox nutrition and metabolic support.

The **K-DTX369 Daily Transformation Program** begins with RESET for the first 30 days through the **K-DTOX30 protocol**, establishing the foundation for the full Reset → Restore → Revitalize transformation.

The program continues with **detox as a core element** but adds flexibility for **targeted support based on your needs** to restore the balance and revitalize your life.

RESET

30 days

Helps the body clear built-up metabolic stress and rebalance key systems such as excess weight, digestion, metabolism, and detox pathways.

Core Elements

K-DTOX30
